### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Metzger on 6/6/2006.

The application has been amended as follows:

#### **IN THE CLAIMS:**

Claim 10. (Amended) A cable for data transmission, characterized by including :

a core wire having a medium that transmits data;

a coating member which covers at least part of said core wire, said coating member having a flat surface portion formed substantially flat at part of a surface thereof and having stickiness and being divided into a plurality of layers and provided to have said core wire sandwiched between the divided layers respectively;

a separating member stuck on said flat surface portion and being releasable from said coating member;

a cover member which covers the surface of said coating member at an area other than said flat surface portion; and

an intervening member disposed between said core wire and said coating member, said intervening member [having a] being substantially tubular in shape and made of two sections, each of which is C-shaped in cross section [and is formed tubular].

Claim 13, line 15, change "having" to --and--.

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest a cable comprising all the features as recited in the claims and in combination with the intervening member being disposed between the core wire and the coating member with the intervening member being substantially tubular in shape and made of two sections, each being C-shaped in cross section (re claim 10) or being made of sheet-like members and the core wires being sandwiched from top and bottom with an upper one of the sheet-like members and a lower one of thereof (re claim 13).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
